A few weeks ago, I wrote about the pending dividend for shareholders of Columbus Gold Corp via its spin-out of 14 drill-ready, gold and silver projects in the Western United States into Allegiant Gold Ltd ([Mercenary Musing, December 8, 2017](#)).

This brief note will alert subscribers that [Allegiant Gold Ltd](#) commences trading tomorrow morning on the Toronto Venture Exchange under the symbol **AUAU.V**.

I visited two of Allegiant's Nevada projects in early December and will follow with a complete report on the company and my findings within the next two weeks.

Ciao for now,

Mickey Fulp
Mercenary Geologist

The [Mercenary Geologist Michael S. "Mickey" Fulp](#) is a Certified Professional Geologist with a B.Sc. Earth Sciences with honor from the University of Tulsa, and M.Sc. Geology from the University of New Mexico. Mickey has 35 years experience as an exploration geologist and analyst searching for economic deposits of base and precious metals, industrial minerals, uranium, coal, oil and gas, and water in North and South America, Europe, and Asia.

Mickey worked for junior explorers, major mining companies, private companies, and investors as a consulting economic geologist for over 20 years, specializing in geological mapping, property evaluation, and business development. In addition to Mickey's professional credentials and experience, he is high-

altitude proficient, and is bilingual in English and Spanish. From 2003 to 2006, he made four outcrop ore discoveries in Peru, Nevada, Chile, and British Columbia.

Mickey is well-known and highly respected throughout the mining and exploration community due to his ongoing work as an analyst, writer, and speaker.
